

Nutrition and Diagnostics Business and Technology Matching

Dear Madams and Sirs,

Please be informed that during the International Nutrition and Diagnostics conference we organize also „Business and Technology Matching“ – the co-event that is aimed at companies, research organizations and universities that are looking for collaboration in areas of product development, research & development, manufacturing, subcontracting, etc.

Thus, if you are looking for technological collaboration or you want to sell your technology or you want to buy one, the Business and Technology Matching gathering may satisfy your plans.

The concept of the event is as follows:

- register to the event and insert your profile* – what you are offering/requesting, please be sure you do that before the deadline.
- On passing deadline for registration you will be invited to enter the Catalogue (a database consisting of profiles that were entered as yours) and pick up the prospective partners for meeting).
- After deadline for selection of prospective partners passes you will receive a list of the meetings (meetings selected by you and meetings with you selected by prospective partners).
- At the event you accomplish the meeting based on the list received.

Registration is possible here:

<http://www.enterprise-europe-network.ec.europa.eu/public/bemt/home.cfm?EventID=3075>

Deadline for registering and profile insert: 31th July 2012

Deadline for prospective partners selection: 7th August 2012

Fees: the event is organized free-of charge

THE SOONER YOU REGISTER AND ENTER YOUR PROFILE THE SOONER YOU MAY ATTRACT YOUR PROSPECTIVE PARTNERS!
